KEEP a sharp look out for campaign lies.

If you believe in George Clark's cause, help it.

It is thought that Algernon Swinburne will be appointed as poet-laureate of England.

That disgusted quondam Clark (I) man up at Rio Grande City had better reflect a little before he espouses Hogg's cause. He may be worse disgusted than his conscience can stand.

For Texas to have Sam Jones and Governor Hogg both talking at the same time is an imposition. We shall require a great deal more lime and copperas than at first seemed necessary.

A COLORED republican orator at Bonham the other day declared he had been offered \$300 to stump his county for Hogg. Does this "disgust" any Hogg men? Oh no! They know their only chance of success lies in using such methods.

AN EXCUSE TO FLOP.

Any many who will flop from George Clark on account of such a report as that in regard to Chairman Matlock's alleged letter, which the Houston Post's Rio Grande City correspondent speaks of, is a man who was only wanting an excuse to make the flop. This matter is very evidently a piece of Cameron county's political machine work, and the report is easily traced to its fountain head. Respect for the parties concerned in it, prevents us from mentioning any names. Suffice it to say, however, that the man who carried the news about that alleged letter recommending Clark to support R. B. Rentfro for district judge, came to Brownsville recently wearing a huge Clark badge. He had been here but two days when he came under the influence of Brownsville's political Mogul, when off comes the badge, and it now lies within arm's reach of ye Herald editor. This, mark you, was before there was any hint or thought of a letter of any description from Chairman Matlock. We know the entire circumstances so well, that we know it is a fact that the gentleman, who was without a doubt instrumental in sending that dispatch to the Post, was only too glad of an open excuse to renounce Clark's cause. We should like to ask him if his "disgust" at this alleged letter caused him to have a higher opinion of Governor Hogg? And if, knowing that Judge Clark has said positively that he has no knowledge of such a letter having been written, he thinks Judge Clark any less a democrat. We know full well that he is a Clark man at heart.

Governor Hogg may say "niggers are treacherous," but he finds to his sorrow they can't all be bought.

ANOTHER HOGG LIE.

The following article was published in the Corpus Christi Caller of the 8th. instant, taken from the Houston Post:

RIO GRANDE CITY, TEX., Oct. 5.—A letter received here by the Clark leader of this district from Hon. A. L. Matlock instructs the Clark democrats to support R. B. Rentfro, republican, of Brownsville, for district judge of this district. The letter states that as Mr. Rentfro has agreed to support the Clark ticket, therefore the Clark men must "help those who help us." This letter, showing as it does a desire on the part of the Clark managers to sell out to the republicans, has disgusted the intelligent voters of the district and materially increases Hogg's majority. Cameron, Hidalgo and Starr counties will in all probability be carried for Hogg and democracy.

It is no secret to the people of Brownsville that the Hon Stanley Welch while here received a letter from State Chairman Matlock asking for information as to Clark's chances, but the tenor of the letter was not what a man up a tree would believe to be from reading the correspondent's article from Rio Grande City, as piece-mealed in the Post.

A letter received here from Hon. George Clark denies emphatically any knowledge of such a deal with Mr. Rentfro. Another letter from Mr. J. O. Nicholson, Clark chairman for this senatorial district, referring to this matters, says:

"His (Matlock's) statements and the letters completely refute the charge that he, as chairman, was attempting to interfere in your local matters. If it becomes necessary, or if you desire it will furnish you copies of all letters."

Mr. Rentfro stated on his return here from Fort Worth that he had

approached Chairman Matlock regarding his, Rentfro's, candidacy for congress from this district. Mr. Matlock was probably informed that Mr. Rentfro's democratic friends had heretofore elected him to the legislature and would now be willing to elevate him still further. The further statement in the Post correspondence that these frontier counties will give large Hogg majorities expresses only the hope of the writer. From the most reliable information at hand it is safe to say that Webb, Zapata, Starr and even Nueces, notwithstanding the Caller, will go almost solidly for Clark and the small majorities for Hogg in other counties will cut little figure in the final wind up. Our judicial, senatorial and congressional district will undoubtedly go for Clark. In this county the Clark men have the "machine" to fight and the race will be a close one but as most of our leading citizens and ranchmen are with us we hope to be able to add our quota to his majority in November.

THE Houston Post gives the following good advice: Have you any conception of the value of a single copy of a newspaper of remote date that is needed in the settlement of a legal dispute? Have you any idea how often you would refer to a bound file of your local newspaper to settle little points in controversy or to refresh your memory with regard to past events, if you had such a file at hand? And yet you throw the paper away as soon as you have read it and never think of filing it away. Suppose you try keeping a file of your local paper for a while.

JUDGE GREHAM is a republican. He has endorsed Grover Cleveland for president. Does this disgust these ultra-democratic Hoggies who are so shocked because the republicans endorsed Clark? On the contrary, they are delighted, and consider it a matter for democratic congratulation. Evidently it is not the quality but the quantity of the endorsement Clark has received, that shocks the Hoggies. It is time to raise a howl against republicans endorsing a democrat when it means 60,000 to 100,000 votes for the other fellow.

IT SEEMS most unjust that an native born American must live here twenty-one years before he can claim the rights of citizenship, while an alien, no matter how ignorant or stupid, is made a citizen in one year. We do not approve of infants being allowed the right of suffrage, but our free born American boys of eighteen are far more intelligent and better versed in the civil government of our country than thousands of these ignorant foreigners can become in less than ten years spent here.

Do ANY of you Clark men think it would be to your personal advantage to desert George Clark's cause and espouse Hogg's? If you do, say so and skip, but don't say that Hogg is a good governor because somebody says a Clark man wanted to support a republican for district judge. You know a thousand such say-so's could not make Hogg's policies good for Texas, nor could they make George Clark any less than what you have often called him—a true democrat, and the best man to vote for.
